Subject Index

abdominal pain of childhood
female masturbation (Instructive Case) 199
Aboriginal and Torres Strait Islander infants
sudden infant death syndrome (Editorial) 122
Aboriginal children
rheumatic fever (Editorial) 223
sudden infant death syndrome in north Queensland 135
sudden infant death syndrome risk factors in North Queensland 129
abstracts
fate of PSANZ Congress abstracts 501
Paediatrics and Child Health Division, Royal Australasian College of Paediatrics Annual Scientific Meeting, May 2002 A1
accidental death
of a socially isolated parent 417
active and quiet sleep
sleep and opiate withdrawal in newborns 66
activities of daily living
functioning in Down syndrome 160
acute encephalopathy
inborn errors of metabolism (Neonatology for the Generalist) 511
acute gastroenteritis
dehydration (Viewpoint) 219
acute respiratory distress syndrome (ARDS)
fatal organophosphate poisoning 530
addictive
areca nut use among school children 507
adolescence
birthweight and menarche 268
birthweight, stature, body mass index and fat distribution 55
adolescents
chronic fatigue syndrome programme 295
clinic attendance 79
regional and urban paediatric diabetes 593
syncope in children and adolescents 196
adrenal suppression
growth in asthmatic children on steriods 59
adriamycin
hedgehog in the human (Review Article) 117
age-specific incidence
invasive pneumococcal disease 445
airway disorder
tracheobronchography and angiocardiography 258
Alder Hey
perinatal pathology (Current Issues) 409
allogeneic bone marrow transplant
for juvenile myelomonocytic leukaemia 166
alternative therapies
childhood asthma 252
alveolar capillary dysplasia
idiopathic persistent pulmonary hypertension (PPHN) of the newborn 397
amino acids
urine metabolic screening in developmental delay or intellectual disability 475
anaemia
post-transfusion haematological changes 265
anaesthesia
sedation practices for oncology patients 170
angiocardiography
tracheobronchography 258
animal disease models
partial liquid ventilation and nitric oxide 492
antibiotic resistance
invasive pneumococcal disease 445
neonatal group B streptococcal infection 272
antioxidant
vitamins and nephrotic syndrome 450
aortic valve prolapse
cardiac involvement in Sandhoff disease 98
appointment-keeping behaviour
adolescent clinic attendance 79
arboviruses
emerging viral infections in Australia (Annotation) 1
areca nut
use among school children 507
arousal
prone versus supine sleep position (Review Article) 332
arthritis
parvovirus B19 and juvenile rheumatoid arthritis 358
artificial respiration
partial liquid ventilation and nitric oxide 492
ascites
hyponatremia 612
aspiration
fundoplication for reflux 156
asthma is not prevalent in Aboriginal and Torres Strait Islander children: a myth/(Letter) 105
asthma
alternative therapy and childhood asthma 252
dosage regimens in inhalation therapy (Annotation) 115
in children, current management 284
persistent cough 578
spacer devices in acute asthma 604
atopic disease
hypoallergenic formula and atopy 84
attention deficit and disruptive behaviour disorders
service needs of disruptive children 32
services used by disruptive children 27
attention deficit hyperactivity disorder (ADHD)
effects of bread preservative 373
drug-induced extrapyramidal reactions 95
general practitioner management of 481
audit and cost of treatment modalities provided for respiratory syncytial virus bronchiolitis in a malaysian teaching hospital/(Letter) 104
Australian Aborigines
milk formula trial 571

bacteraemia
S. aureus bacteraemia in children 290
bag urine culture
infants 377
barriers
asthma in children, current management 284
bedcover
infant mattresses and bedcovers 192
benzyl benzoate
ivermectin for childhood scabies 401

bereavement
distress after sudden infant death syndrome or perinatal loss 368
β-thalassaemia major
mismatched transplant for thalassaemia 308
betel
areca nut use among school children 507
bicarbonate
dehydrated children with acute gastroenteritis 226
birth defects
congenital hypothyroidism in Western Australia 187
birth prevalence
congenital hypothyroidism in Western Australia 187
birthweight
menarche 268
stature, body mass index and fat distribution 55
body mass index
birthweight, stature and fat distribution 55
bone marrow aspirate
sedation practices for oncology patients 170
bone marrow donor
mismatched transplant for thalassaemia 308
bone mineral density
fracture risk factors in children 497
book reviews
111–13, 324–8, 429–31, 535–8, 626–7
bread preservative
effects 373
bronchopulmonary dysplasia
hypocarbia in the preterm infant 560
button battery
tracheo-oesophageal fistula (Instructive Case) 201

calcium propionate
effects of bread preservative 373
carbon dioxide
infant mattresses and bedcovers 192
carbon monoxide poisoning
nonaccidental 465
cardiac tumours
primary 173
cardiopulmonary resuscitation
improvement after a life-support course 241
catheter
neonatal ascites and hyponatremia 612
ceftriaxone
drug-induced haemolytic anaemia 209
child abuse
nonaccidental carbon monoxide poisoning 465
oral bleeding 528
child health
Australian Paediatric Surveillance Unit (Occasional Report) 8
childhood asthma
dosage regimens in inhalation therapy (Annotation) 115
children
allogeneic bone marrow transplant for juvenile myelomonocytic leukaemia 166
antibiotics in bone and joint infections 363
complementary and alternative medicines 343
complementary therapies (Editorial) 339
dehydrated children with acute gastroenteritis 226
diazepam or midazolam 582
drug-induced extrapyramidal reactions 95
fracture incidence in younger life 278
fracture risk factors 497
growth in asthmatic children on steriods 59
paediatric hepatitis C virus infection (Review Article) 213
parvovirus B19 and juvenile rheumatoid arthritis 358
sedation practices for oncology patients 170
shopping trolley related injuries 51
alternative therapy and childhood asthma 252
S. aureus bacteraemia 290
syncope in children and adolescents 196
children's behaviour
effects of bread preservative 373
choledocholithiasis
extremely low birthweight infant 204
chronic fatigue syndrome
programme 295
chronic lung disease
cost-effectiveness analysis of palivizumab 352
chronic respiratory disease
fundoplication for reflux 156
clinic reminders
adolescent clinic attendance 79
clinical conference
fate of PSANZ Congress abstracts 501
clinical pathway
croup 382
clinical predictors
abnormal computed tomography head scans 388
Clinical Risk Index for Babies (CRIB) score
neonatal outcomes in Pacific Rim nurseries 235
colic
managing unsettled infants 563
colonic atresia
preoperative radiology (Instructive Case) 518
common bile duct
choledocholithiasis 204
communication
vaccination and risk communication (Occasional Survey) 124
community intervention
interventions for behavioural problems 41
complementary and alternative medicines and therapies
alternative therapy and childhood asthma 252
children 343
children (Editorial) 339
gastroenterology 343
probiotics 343
complications
diazepam or midazolam 582
congenital cytomegalovirus infection associated with finger anomaly/(Letter) 105
congenital diaphragmatic hernia
Fryns syndrome 318
congenital heart disease
PNG children 178
congenital hypothyroidism
in Western Australia 187
congresses
fate of PSANZ Congress abstracts 501
consensus
palivizumab prophylaxis (Occasional Article) 550
control
variant Creutzfeldt–Jakob disease (Annotation) 539
control of breathing
prone versus supine sleep position (Review Article) 332
Corrigendum
(Boo N-Y, Lee H-T. 2002; **38**: 151–5) 625

cosleeping
sudden infant death syndrome risk factors in North Queensland 129
cost effectiveness analysis
palivizumab 352
cost effectiveness
palivizumab prophylaxis (Occasional Article) 550
cough
persistent 578
cow's milk allergy
hypoallergenic formula and atopy 84
C-reactive protein
screening of neonatal sepsis 459
croup
clinical pathway 382
crying
managing unsettled infants 563

dehydration
acute gastroenteritis (Viewpoint) 219
death of a socially isolated parent 417
dehydrated children with acute gastroenteritis 226
quality of professional telephone advice to parents 23
delivery device
dosage regimens in inhalation therapy (Annotation) 115
delivery of health care
services used by disruptive children 27
Dermatophagoides pteronyssinus Group 1
dust mite levels in public places 568
developing countries
ivermectin for childhood scabies 401
rheumatic heart disease 229
developmental disabilities
urine metabolic screening in developmental delay or intellectual disability 475
developmental surveillance
functioning in Down syndrome 160
diabetes
regional and urban 593
diagnosing Wilson's disease in a 5-year-old-child (Instructive Case) 412
diagnostic accuracy of paediatric echocardiograms/(Letter) 108
diaphragmatic
paralysis in neonates 101
diarrhoea
milk formula trial 571
diazepam
midazolam 582
diet
milk formula trial 571
difficulties in the diagnosis and management of infant botulism/(Letter and Reply) 425
disability
eight-year outcome for extremely low birthweight children 438
discharge
croup clinical pathway 382
dislocation
screening for neonatal hip instability 469
divorce
children's adjustment to stepfamilies (Annotation) 329
dosage
dosage regimens in inhalation therapy (Annotation) 115
Down syndrome
functioning 160
duration
antibiotics in bone and joint infections 363
dysplasia
screening for neonatal hip instability 469

eating behaviour
preterm toddlers 72
echocardiographic misdiagnosis and ultrasound skills (Letter) 107
echocardiography, paediatric
reply (Letter) 108
eczema
hypoallergenic formula and atopy 84
education
improvement after a life-support course 241
efficacy
diazepam or midazolam 582
electrolysis
battery tracheo-oesophageal fistula (Instructive Case) 201
emergency department
croup clinical pathway 382
emerging infections
emerging viral infections in Australia (Annotation) 1
enterovirus 71
emerging viral infections in Australia (Annotation) 1
environmental medicine
rheumatic heart disease 229
epidemiology
cost-effectiveness analysis of palivizumab 352
fracture incidence in younger life 278
Mycobacterium ulcerans and polymerase chain reaction 311
sudden infant death syndrome in north Queensland 135
variant Creutzfeldt–Jakob disease (Annotation) 539
equipment safety
shopping trolley related injuries 51
ethnicity and asthma symptoms associated with ingestion of fruits/(Letter) 622
evidence
primary interventions (Editorial) 341
evidence-based
paediatrics 347
extremely low birthweight infant
choledocholithiasis 204
eight-year outcome for extremely low birthweight children 438

falls
shopping trolley related injuries 51
familial hyperparathyroidism
familial parathyroid carcinoma 314
family psychology
children's adjustment to stepfamilies (Annotation) 329
fat distribution
birthweight, stature and body mass index 55
febrile infants
quality of professional telephone advice to parents 23
fever in a teenage traveller (Instructive Case) 610
flexible bronchoscopy
guidelines (Position Paper) 555
fluorocarbons
partial liquid ventilation and nitric oxide 492
fluticasone propionate
growth in asthmatic children on steriods 59
follow up
surfactant and developmental outcome 597

eight-year outcome for extremely low birthweight children 438
food additives
effects of bread preservative 373
foregut
hedgehog in the human (Review Article) 117
fracture
incidence in younger life 278
Fryns syndrome
Hirschsprung's disease 318
functional assessment
functioning in Down syndrome 160
functional status
functioning in Down syndrome 160
fundoplication
for reflux 156

gastroenteritis
dehydrated children with acute gastroenteritis 226
gastroenterology
complementary and alternative medicines 343
gastro-oesophageal reflux disease (GORD)
fundoplication for reflux 156
general paediatrics
difficult clinical paediatric situations 455
general practitioner
management of attention-deficit hyperactivity disorder 481
genetics
inborn errors of metabolism (Neonatology for the Generalist) 511
Gli genes
hedgehog in the human (Review Article) 117
group B streptococcus
neonatal group B streptococcal infection 272
growth and adrenal suppression due to moderate- to high-dose inhaled fluticasone/(Letter) 623
growth suppression
growth in asthmatic children on steriods 59
guidelines
flexible bronchoscopy (Position Paper) 555

haematological parameters
screening of neonatal sepsis 459
haematopoiesis
post-transfusion haematological changes 265
haemolysis
drug-induced haemolytic anaemia 209
Hb-E-β-thalassaemia
serum transferrin receptor 601
head injury
abnormal computed tomography head scans 388
quality of professional telephone advice to parents 23
health services
adolescent clinic attendance 79
heart rate variability
prone versus supine sleep position (Review Article) 332
Helicobacter pylori
seroprevalence of *H. pylori* in eastern Turkey 183
Henoch-Schönlein
purpura and priapism 526
heparin
management of neonatal thrombosis 615
hepatitis B
immunogenicity of hepatitis B vaccine 393
hepatitis C virus
paediatric hepatitis C virus infection (Review Article) 213
high humidity affects HemoCue cuvette function and HemoCue haemoglobin estimation in tropical Australia/(Letter) 427
hip instability
screening for neonatal hip instability 469
hip screening
screening for neonatal hip instability 469
Hirschsprung's disease
Fryns syndrome 318
homicide
nonaccidental carbon monoxide poisoning 465
house dust mite
levels in public places 568
hyperbilirubinaemia
oral versus intravenous fluid supplements 151, 625
